WORK, WAGES, AND PROFITS: SECOND EDITION REVISED AND ENLARGED (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Work, Wages, and Profits: Second Edition Revised and Enlarged The first edition of Mr. Gantt s book appeared in 1910 as a volume of 194 pages, with seven charts, the graphic illustrations and most of the specific examples being drawn from results secured in the textile industries. Since that date a rapid rise has taken place in public attention to the methods used and the results secured, and in the active effort (evidenced by inquiry and undertaking) to obtain advantages corresponding to those so substantially realized in the cases cited. This interest and inquiry have been the principal influence inspiring the enlargement of this book, not only by inclusion of additional instances, but by more detailed development of some features of the work, and the summation of the argument into a comprehensive and entire (even if broadly sketched) outline of a plan of systematic management, based on the policies and methods defined by Mr. Gantt. His experience in the field of labor management covers a quarter-century of close practical application. His special methods, which even yet are but partially and imperfectly understood by many, have been identified with his name for at least half this period.
