And Chap; II., 1-4; And a New Translation** The substance of the following work was delivered at Blackburn, on the 13th March, 1865, in the form of a Lecture to the Sunday School Union. An earnest wish was expressed at the meeting that I should publish the Lecture, and at a future time that I should be requested to meet all Sunday School Teachers and Members of Young Men s Associations, to hold a Conversazione on the subject (see Preston Guardian s Report, 18th March, 1865.) A similar request had been made before by the friends of Science and Revelation, and has been made since, again and again. Having incorporated some of my notes on Genesis chaps. i. ii., 1-4, into the body of the Lecture, that the subject might be presented in as complete a form as the limits of the work would allow, I venture to offer it in this form to the public: hoping that it may, in some measure, tend to strengthen the faith of thinking young men in the Bible, and to induce many of them to study more and more both the Works and Word of God, and praying that this humble service may be accepted by Him, who is our common Lord and Master, Evan Lewis.
