Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is not intended to present expert advice but rather practical, level-headed guidance for anyone whose life has been turned upside down by the prospect of cancer or other serious illness. When you hear or suspect a cancer diagnosis, there is usually no time for long-winded philosophy, or pouring through mountains of data. You need down-to-earth, common sense guidance and you need it quickly. You need a guide to help you navigate the rough waters. A Journey of Hope can inspire readers to build their emotional strength and courage in order to convert chaos into manageable bites. There are many books written about cancer, but none of them came to my attention in the first 30 days of facing my life and death decisions. I now want to share the tips and information that would have been helpful and reassuring to me. A Journey of Hope provides guidance on the steps to take, the questions to consider, how to set priorities and where to get the answers you need. It offers Hope that we still have some control over the outcome.
