This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.According to the International Classification of Headache Disorder, migraine is a common disabling primary headache disorder manifesting in attacks lasting 4 to 72 hours. Migraine headaches range from moderate to very severe and are sometimes debilitating. Episodic migraine affects 17 of women and 6 of men. Migraine frequency is divided into episodic and chronic. Episodic migraine is characterized by less than 15 migraine days and chronic migraine by 15 or more headache days per month. Sometimes migraine may be described as chronic simply because the attacks recur over long periods of time. Chronic migraine affects 1.4 to 2.2 of adults. All migraine types significantly affect the physical, psychological, and social well-being of patients, and can impose serious lifestyle restrictions. Each year lost work time and diminished productivity from migraine costs American employers \$225.8 billion. Forty percent of adults with episodic migraine and all patients with chronic migraine might benefit from preventive medication; yet, only about 12 of adults with frequent migraines take preventive medication. Preventive treatments aim to eliminate headache pain without intolerable harms. Often, however, some degree of pain persists; therefore, treatment success is usually defined by a decrease in migraine frequency of 50 or greater. Preventive treatments are also expected to reduce use of acute drugs and improve quality of life. Treatment safety is defined by the total rates of adverse effects and adverse effects that lead to treatment discontinuation. Drug choices in clinical practice are based on many drug-related factors such as familiarity, efficacy, and adverse effects, as well as many patient characteristics such as headache frequency, presence of aura, comorbid conditions, and patient preference. Our review focuses on the comparative effectiveness and safety of...
