If you are looking for a great work of literature you picked up the wrong book! Think of this more like a conversation between two friends where one just came out of the Metaphysical Closet big time and brought photos. First in The Dream Masters Trilogy, Book 1 is an autobiographical account of a few of Lisa Rhyne s extraordinary paranormal experiences. It is filled with insights to her life - especially as a metaphysical healer - which have been life-altering for her and everyone she s encountered. This compendium of actual events shows that humans are capable of far more than we have been led to believe is possible and makes you question the very fabric of reality itself. The question is not, What if she s wrong? The big question is, What if she s right? Here are some of the topics touched upon in this Book 1: The Dream Masters(r) and META-CON(r), Dreams, Dream Interpretation, DNA, Human Evolution, Shamanism, Soul Retrieval, Soul Loss, Initiations, Shapeshifting, Spirit Guides, Spirit Guardians, Animal Spirits, Angels, Demons, Invisibility, Shamanic Journey Work, Birth Guardian, Sekhmet, Expanded Awareness, Death and Near Death, Precognition, Deaths of Public Figures, The Void, Missing Time, Time Anomalies, Mysterious Marks, Orbs, Spirit Photography, Paranormal Events, Alternative Healing, Energetic Healing, Jesus and Resurrection, Second Sight, Medical Intuitive Work, Morphic Fields, Auras, Energy Fields of Bodies, Kachinas, White Chin Kachina, Archetypes, Animal Healing, Spontaneous Healing, Cancer Remission, Journaling, Automatic Writing, Parallel Universes, Parallel Dimensions, Psychic Attacks, Psychic Visions, Power/Protection/Support, Past Lives/Parallel Lives,...
