Wallace D Wattles maintained that whatever we want in life can be ours if we train ourselves to Think in a Certain Way ; like attracts like and by structuring our thoughts accordingly, all our ambitions, material and spiritual, may be realized. But The Science of Being Great is no simple panacea. Wattles gives detailed instructions on the method to be followed to achieve Greatness ; however, he can but point the way. It is up to the student to apply the principles. As the author himself says No mere reading of books can develop a great personality; nothing can make you great but thought; therefore Think, Think, THINK!.
